18. The following section is for parents of Wyoming Public School Students. Financial Planning – Wyoming PS has continually been challenged by changes in State funding, loss of enrollment, and rising costs that have forced us to review how every dollar is spent. This has resulted in significant compensation reduction for employees, reduction of employees, reductions in Administrative staff, consolidating of buildings, reduction of offerings, larger class sizes, reduction in bus routes, and more. As these economic challenges continue, additional decisions regarding operations will be necessary. The actual costs and changes and their impact could be significantly less or more depending on a variety of factors. The following questions illustrates areas where spending could be cut or reduced. Knowing some of this may be unavoidable, please give us your input on the following for supporting the reduction or elimination of the following .
